Education

Abeda Inamdar Senior College, Pune

B.Sc in Computer Science & Engineering

2021 - 2022

8.33/10 CGPA

Abeda Inamdar Senior College, Pune

M.Sc in Computer Science & Engineering

2022 - 2024

Pursuing

Work Experience

Namlsoft (Internship)

Jun 2023 – Nov 2023

AWS Devops Engineer

Remote

- Learned about various AWS services and their best practices
- Deployed realtime apps in AWS.
- Handled Servers in ec2 ,and used various major services like S3, CloudFront.

Low Code Systems Software Private Limited (Internship)

Nov 2023 – April 2024

FrontEnd Developer

OnSite

- **MERN** stack used: **React.js** for UI, **Django** for backend, **MongoDB** for storage.
- Learned about various css framework such as tailwind and react.
- Learned about Api integration in ReactJs (Frontend)
- Learned how to implement funtionality about various components.
- Got mentorship of senior engineers from Low Code Systems Software Private Limited, I learned real word software development and learned about scalability.

Projects

Cloud Project: Cloud video streaming using S3 and cloud front..

- A **Level 4 project** is a scalable project deployed in a production setting on a cloud platform like **AWS**
- It should be capable of handling a **load of up to X+ simultaneous users** using **Horizontal Scaling**.
- One should have a deep understanding of **System Design Principles** to build a **Level 4 project**.
- Building a **Level-4 project** helps you to land directly in the **top 0.1%** of India.

Cloud Project: Deployment of a 3 tier architecture using ec2, elb, asg, rds, vpc for high availability.

- A **Cloud** is a scalable project deployed in a production setting on a cloud platform like **AWS**
- It should be capable of handling a **load of up to X+ simultaneous users** using **Horizontal Scaling**.
- One should have a deep understanding of **System Design Principles** to build a **Cloud project**.
- Building a **Cloud project** helps you to land directly in the **top 0.1%** of India.
- Building a **Cloud project** helps you to land directly in the **top 0.1%** of India.

Technical Skills

Languages: Reactjs, C++, JavaScript

Backend: Django, Node.js, Express.js

Frontend: React, TailwindCSS, HTML, CSS, Bootstrap

Clouds & Databases: AWS, Azure, PostgreSQL, MongoDB

Web Technologies: Docker, Terraform

Developer Tools: Postman, VS Code, GitHub, Gitlab,

Honours and Awards

Internship Program in Devops

Apr 2023 – Sept 2023

Batch of 2023

NamlSoft (backed by Muverity)

- Got selected being in **top 1.4% out of 500** students who applied, got mentorship under the seniors engineers of NamlSoft and Muverity.
- Learned how to build Scalable systems, deployments and gained industry-level work experience.
- Deployed various mini projects In **AWS**

Web Designing

Nov 2021

- I have been certified as a **Web Designer** by Abeda Inamdar Senior College and learned 17+ advanced problem solving techniques in Web Development. Solved 10 super hard problems on the topic shortest paths and got featured in the **Online Course**

Algorithmic Competitions/Achievements

- Solved **250+** super hard Aws problems from **Quiz.com** and **Exam Topics.com**, building problem solving skills.
- Secured **Rank 1/400+** participants in the Quick Quiz 2024 Coding Challenge.
- Ranked in **top 1 percentile** in 30+ Coding Test Simulations during InterviewPrep in aws Training Camp.
